

Do not weaken the protection provided to me a citizen of Indiana by our states forward lookin telephone privacy act. Please do pattern your proposed rules or legislation after that used in Indiana. Do not let the those who lobby for a weaker set of rules win you over. They want to continue their predatory behavior on those citizens who are not capable of saying no to a slick presentation, or those whose natural proclivity is to please others. You will be adding to the financial burdens and misery of these household accross our nation. Shame on you if you give in to those who would weaken the protections provided to the most vulnerable citizens in Indiana, and for ruining the current peaceful state of my home.
